THE BIG DAM BROKE

Terrific Cloudburst Caused Forty Feet of the Wall to Give Way With a Crash.

GREAT LOSS OF LIFE AND PROPERTY

The Catastrophe Happened in Oakford Park, a Summer Resort Near Greensburg, Pa.

Loss of Life Would Have Been Much Greater Had Not the Pleasure-Seekers Been Warned of the Impending Danger.

Greensburg, Pa., July 6.—A water-spout of immense proportions, striking in the vicinity of Oakford park Sunday afternoon at 4 o'clock, created a flood that caused great loss of life and property. It is known that at least 20 persons lost their lives, and rumors place the number of dead at more than 100, but until a late hour Sunday night only three or four bodies have been recovered, having been washed to the banks of the little creek that runs parallel with the park.

At 3 o'clock rain began to fall in torrents in the vicinity of the park and spread over a territory covering probably ten miles.

A half-hour later the cloudburst occurred, and the umbrellas carried by the crowds of people were crushed like eggshells. The waters in the lake north of Oakford park began to swell, and Manager James McGrath, believing that there was danger of a final break in the great walls of the dam, hurried among the crowd of pleasure-seekers who had gathered under the roofs of the eating stands, the merry-go-round, the theater, the dancing pavilion and other buildings in line of the water should the banks break and warned them to run to the hills.

Park Situated in a Ravine.

On both sides of the pleasure grounds there are high hills, the park being situated in a ravine about a fourth of a mile wide and a mile long. The people, protected from the rain, were loth to leave the cozy places, and not until Mr. McGrath and his assistant entered each building in turn and simply drove the crowds out into the rain did they realize that the park managers were in earnest, for they knew after careful study of the dam that the awful flood meant probably the breaking of the wall that held five acres of water. A half-hour after the buildings had been cleared of the people, the waters mounted the wall of the dam, and within five minutes waters to the depth of five feet was flowing over the entire length of 400 feet of the wall.

THE WALL OF SWIRLING WATER.

Buildings Twisted About and Knocked From Their Foundations.

The park or ravine, studded with buildings, the merry-go-round, the laughing gallery and other amusement places were twisted about and all but the dancing pavilion and large lunch stands were knocked from their foundations. The rain continued to fall in torrents and at 4 o'clock 40 feet of the wall of the dam to the east gave way with a crash. The flood beat down the ravine with a roar that was heard for two miles. A half mile down at the junction of the Greensburg and Jeannette and the park car lines, the car barns are located. The entrance gates to the park were lifted and with the force of a pile driver the mammoth posts were hurled by the waters against the barn. Beyond were located the small waiting room and on the track was standing a car laden with people on their way from Greensburg to Jeannette.

Terrific Electrical Storm.

The electric storm had rendered the power south of here useless and the motorman was unable to move the car. The flood struck the waiting room containing probably a dozen people. A number of them struggled to a point of safety but in the excitement that followed it is not positive how many were lost. The street car was caught and swept into the creek and whirled and tumbled about. A number of the people in the car jumped off and there are conflicting stories as to the number of persons who were carried with the car.

The park is patronized by the people of this town and Jeannette and when the fact was announced that the dam had given way and rumor said that from 200 to 300 people were drowned, excitement knew no bounds.

The scene there Sunday night was heartrending. The wailing of mothers who have certainly lost little ones was pitiful.

THE PIC-NIC AT PARK'S HILL.

Train Will Leave Promptly at 8 a. m. Wednesday—Members of Sunday Schools Must be at Their Respective Churches by 7 a. m.

The band will leave the First M. E. Church, South, at 7:15 a. m. Wednesday and march with that school to the M. E. Church, thence to First Presbyterian Church, thence to Baptist Church, the Christian Church, the Church of Nativity and Central Presbyterian Church in order named, thence to the L. and N. depot. The school from Sedden's Chapel will come direct to the depot.

Let all those who intend going be at their respective churches not later than 7 o'clock Wednesday, July 8th, as the train will leave promptly at 8 o'clock. Returning, train will leave Park's Hill at 5 p. m., arriving home at 6 p. m.

All the officers and teachers are urged to go on this trip and look after the comfort and safety of the scholars. Remember to bring your baskets of dinner. They can be placed in the baggage car. Put your name on your baskets and packages.

Bring all your outdoor and indoor games. Should the day be rainy the large auditorium can be used for indoor games. Bring swings and hammocks.

The band will give a concert at 11 o'clock—which will be followed by dinner at 12 o'clock. At 1 o'clock another musical and literary entertainment will take place, lasting one hour.

Each Superintendent must see that his school is properly cared for and that no one be allowed to leave the camp ground enclosure. The grounds are amply large for the day's entertainment.

It is especially urged that the young ladies and young gentlemen of the schools attend this pic-nic.

Each Superintendent will be expected to attend to seating his school in the cars after which there will be no passing from one car to another by scholars. No stops will be made on the way.

Bring your "Gospel Hymns" with you and your enthusiasm.

Youngest Superintendent in Kentucky.

Master Henry M. Pyles, Jr., residing near the North Fork is the youngest Sunday school Superintendent in Kentucky. He is only fourteen years old. In a letter to the Evangel published at Morehead, he says:

I was preparing my lesson when your letter reached me last Saturday. My school is on the Lexington pike four miles from Washington and five miles from Mayslick. It is on the banks of the North Fork, a few yards from the bridge. I will give you the account of the meeting May 24, 1903. Number of pupils on time seventeen. Number of officers and teachers present, three. Collections: Bible class, .07. Intermediate class, .09. Total .16.

I have but one teacher besides myself. Mrs. J. J. Crouch teaches the Bible class and I teach the intermediate class.

My classes are as yet rather mixed up as I need another teacher for an infant class. Yours in the work,
HENRY M. PYLES, JR.,

CITY MILL CO., Old Gold Mills.

Charles J. Winkler, charged with bigamy, gave bail Saturday, and has gone to the home of his brother at Leon, Carter County.

S. F. B. Morse, Assistant Passenger Traffic Manager of the Southern Pacific, has tendered his resignation, to take effect August 1st. It is said that he will be connected with the Rock Island system.

The Board of Education will elect a successor to the late Prof. Hayes Thomas as Principal of District School No. 2, on July 31st. All applications should be filed with the Secretary of the Board, Mr. Thomas D. Slattery.

The officers and teachers of the Christian Church Sunday school, and members of the church who are not members of the school, but who expect to go to the pic-nic Wednesday, are requested to meet at the church to-night at 7 o'clock.

Dr. Henry J. Daily, late of Carlisle, has formed a partnership with Dr. J. C. Norris, of Augusta, for the practice of medicine. Dr. Daily is a graduate of Vanderbilt University and of the Southern Homeopathic College at Louisville. He is a nephew of Mr. M. C. Daily of this city.

The Maysville Telephone Company will soon have its line to Aberdeen connected. The poles are up in Aberdeen and the wires for the line in that city are being strung. For the wires across the Ohio the company will use steel towers 120 feet high, from which to suspend them.

Mr. R. A. Carr has bought the Collins-Rudy coal elevator property at the southeast corner of Poplar and Front streets. The purchase includes the saw mill building, vacant lots adjoining and the machinery in the building. Mr. Carr will repair it at once. The price paid was \$1,500.

The Seventh district of the Mason County branch of the Kentucky Sunday schools will have its pic-nic at Cherry Grove Camp Ground July 17th. A number of Sunday schools in Fleming County will unite with them in this outing. Great interest is being manifested in that district. Some parties from this city are expected to be present and deliver addresses on the occasion.

A convention of the Fifth Magisterial district of the Mason County Sunday schools will be held at the Presbyterian Church at Washington Sunday afternoon, July 12th, at 2:30 o'clock. It is especially requested that as many as possible will come from this city. The singers are particularly invited to be present and help with the music. Let us make this one of the best district meetings that has ever been held in the county. It is hoped that there will be a good representation from all the schools in the district.

HAMMOND PACKING PLANT.

The Main Building at St. Joseph, Mo., Destroyed By Fire.

St. Joseph, Mo., July 6.—The main building of the Hammond packing plant was destroyed by fire Sunday afternoon. The loss is estimated as high as \$1,500,000. It is entirely covered by insurance. Two men lost their lives in the flames. One of them is reported to be Charles Miller, fire marshal at the plant. This could not be verified. Three men were injured, one of them seriously.

For a time the entire stockyards district was threatened. By hard work the Nelson Morris plant, 300 feet north of the Hammond plant, was saved, and this saved the Swift plant, which is to the north of the Nelson Morris building.

PACIFIC CABLE COMPLETED.

Message Was Sent Around the World in Nine and a Half Minutes.

New York, June 6.—The Pacific cable was completed late Saturday night, eastern time, by the welding together of the eastern and western lines at Honolulu, on board the cable ship Anglia, thus completing the entire line of telegraph from San Francisco to the Philippine islands, a distance of over 8,000 miles.

A message from President Roosevelt to President Mackay, of the Commercial Pacific Cable Co., was sent over the new cable and around the world in 13 minutes, and Mr. Mackay's reply going east from New York was sent around the world in 9½ minutes.

Both Were Drowned.

Wilkesbarre, Pa., July 6.—Eliza D. Trimble, an old and well known resident of West Nanticoke, and Wesley Kittle, aged 14 years, were drowned in the canal near Harveys creek. The former was attempting to rescue the boy.

THE KILLING OF JEFF BURTON.

His Slayer Removed From Madison to Henderson For Safe Keeping.

Madisonville, Ky., July 6.—In a difficulty at Earlington Marshal J. B. Lindel shot and instantly killed Jeff Burton. The report says that Lindel had arrested Burton on a charge of drunkenness and had him in a buggy carrying him to the station house, when Burton jumped from the buggy. Lindel ordered him to halt, which command he did not heed, and Lindel drew his pistol and shot him as he ran. The ball entered his back, passing through his stomach. Lindel has a pretty widely known history.

Madisonville, Ky., July 6.—Great excitement has been aroused in this section over the killing of Jeff Burton, a young man, at the big barbecue at Earlington, Ky., Saturday afternoon, by Marshal J. B. Lindel, who was brought to this city and placed in jail late Saturday afternoon.

Until about 9 o'clock Saturday night the streets of this city were crowded with mad white men, who were commenting and condemning the affair, when all of a sudden the streets were deserted and the town appeared desolate. This caused the officers to suspect that something was going to be done by the outsiders, and he hurriedly took him from jail here and slipped him out in a buggy to Hanson, Ky., where he was put on the midnight train and carried to the jail at Henderson for safe-keeping.

Perhaps had he been left here Saturday night a lynching would have occurred before Sunday evening, and that he is not now considered safe at Henderson, as he may be reached by the mob there, and he may be moved from that place.

DIED OF PARALYSIS.

Col. John W. Caldwell Expired at His Home in Russellville.

Russellville, Ky., July 6.—Col. John W. Caldwell, aged 66, who has been suffering from paralysis, died Sunday night. He was a colonel in the confederate service. After the close of the war he returned home here and resumed the practice of law and in 1866 was elected county judge and held that position eight years. In 1876, 1878 and 1880 he was elected to congress from the Third district as a democrat, and declined a fourth nomination, although it was said he could defeat any republican that might have been put up. He became president of the Logan County bank and remained president of that institution until it went into liquidation last August. The funeral will take place Tuesday with confederate honors.

Feared a Lynching.

Olive Hill, Ky., July 6.—To save the life of Clabe Hicks from a mob, officers spirited him from the jail at Soldier, this county, boarded the midnight train at Enterprise, and took him to Grayson. Hicks shot and killed Tom Fouché, and seriously wounded Lon Fouché, a brother of the dead man, at Soldier, Saturday.

Flagman Killed.

Middlesboro, Ky., July 6.—A freight wreck on the Southern railway between this place and Luttrell, Tenn., resulted in the death of Wilson Tilton, flagman, of Knoxville, Tenn., and the fatal injury of Engineer Will Moore, of Middlesboro. The men were off duty and were riding in the caboose to Knoxville.

Span of Bridge Burned.

Paducah, Ky., July 6.—One span of the I. C. bridge over the Tennessee river, 20 miles above here, burned, and this will stop traffic for two or three days over the bridge. The blaze originated by birds' nests in the bridge catching fire from sparks.

Drowned in the Ohio.

Covington, Ky., July 6.—James Harris, aged 19, was drowned while bathing in the Ohio river back of the glassworks, near Madison street, Sunday evening. Harris lived with his widowed mother and sisters at Beech and Philadelphia streets.

Brood Mare Dead.

Lexington, Ky., July 6.—Thora, one of the best known brood mares in the country, and owned by William C. Whitney, died at La Belle stud. She was foaled in 1880 and is by Longfellow, out of Susan Ann, she by Lexington.

A Family's Ill Luck.

Covington, Ky., July 6.—The family of Fred Kriedeler, of 120 Lee street, have been sorely tried in the way of deaths the past four months. Within that short space of time three members of the family have died.

Clay the Winner.

Louisville, Ky., July 6.—T. H. Clay, Jr., of Paris, won the amateur state championship at the shoot of the Jefferson County Gun club. His score was 93.

AND now a scandal has broken out in the Indian Territory, over the allotment of Indian lands. "It is only another evidence," says the Georg-town News-Democrat, "that the administrations of McKinley and Roosevelt are honey-combed with rottenness. Every effort is being made, and has been made, to keep such matters from coming to the surface, but in spite of all care they are daily bubbling up."

THE declaration of Hon. John W. Yerkes, Commissioner of Internal Revenue, for Colonel Morris B. Belknap for the Republican nomination for Governor will cut a big figure in the fight now on for that honor. It is thought his declaration will swing the big revenue force throughout the State to Belknap's support, but Colonel A. E. Wilson's friends are still confident. It's a pretty fight between the old Hunter and Bradley factions, with Yerkes now allied to the Hunterites.

IN 1896 Utah cast 64,000 votes for Bryan against 13,000 for McKinley, but in 1900 the State gave McKinley 47,000 against 45,000 for Bryan. This comparison, together with information that has come into their possession since the adjournment of Congress, has convinced the Democrats that there was a deal between the Republicans and the Mormon leaders in regard to the admission of Senator Smoot, whereby the Republicans were to be helped in return for what they did for Smoot. The leaders of the G. O. P. are ready to profit in any way possible.

IT would be all right for Judge Hargis, of Jackson, to make a fight to clear Jett and White, the alleged assassins of Marcus, if the Judge himself had not repeatedly been associated with them by such broad insinuations. With these suspicions resting upon him, the people naturally believe he is actuated by purely selfish motives in all he does. As an official of Breathitt County, Judge Hargis should leave nothing undone, that is within his power, to ferret out and punish the dastardly assassins who have brought such reproach to the fair fame and name of Kentucky. Instead of doing this, however, the people believe he is throwing every obstacle he can in the way of the Commonwealth.

JUST lots of Republicans were greatly tickled over Convict Jim Howard's open letter to Gov. Beckham. But it turns out it wasn't Howard's letter, although it had his name signed to it. Its author is known, says the Lexington Democrat, and will be exposed in a short time. The Louisville Post wouldn't handle the letter, and refers to it as follows:

"He begins by a reference to the Governor's 'sophomoric effusion,' the words we are certain Howard never used, and probably never heard in his life. He then sneers at the Governor as the 'Bardstown thoroughbred,' derides his 'genealogy,' and concludes his response by referring to Gov. Beckham as 'this unworthy scion of Kentucky aristocracy who wants to raise an issue of personal

The Sale of Towels.

There was a whirr of activity here Tuesday and Wednesday. Women came in crowds to profit by the splendid values offered in Linen Towels. But in spite of the rapid selling we still have ample to-day. We knew so much for so little would attract large buying and ordered accordingly. Doesn't 100 dozen Towels sound big for an exclusive retailer in our little city? Yet you bought sixty-seven dozen in a day. That's the record. We anticipated about one-third that demand and gauged the anticipation by the extraordinary rush of the Removal Sale, too. But why shouldn't you buy when 7½c. secures 15c. worth? Linen Huck Towels 22x36 unusual 15c. values, for 7½c. Sold only in pairs at 15c.

pulchritude." This is not the language Howard would use under any circumstance, and it is not the language any one would use in Howard's position."

WHAT TRACTION LINES WOULD DO FOR MAYSVILLE.

There has been much agitation recently of the matter of the construction of traction lines from Maysville to various points. If it is expected that Maysville shall be, in the future, any more than she is at the present it must be the result of our own efforts to a very large extent. We are in a position now where, by united effort, traction lines can be constructed and made great aids to our commercial advancement. No one can successfully deny the fact that there is great stagnation in the real estate market in our city. Why this should be when we have geographical position which is not rivaled by any other city in the United States, is beyond comprehension. It has been asserted by one of our business men that "no business of itself is a failure, but the man who conducts that business is himself responsible for its success or failure." If this is true of a business, it is also true of a municipality.

With a traction line from Columbus, Ohio, or practically from the northern lakes, to Ripley, and a strong probability of its being constructed to Aberdeen, is it beyond the bounds of reason to suppose that in case sufficient activity is manifested on the Kentucky side of the Ohio, that some enterprising company would deem a connecting link spanning the Ohio river to be a profitable investment? Thus with the bridging of the Ohio river, and the further fact that Maysville would thus become a railroad center of considerable importance, we could certainly feel that the future prosperity of our city would be assured. Then let us act! Act in the present. Act energetically, hopefully, and leave to the future the fruition which is bound to follow.

Then for our watch-word, "Greater Maysville, brick streets, traction lines and all modern, up-to-date improvements."

The Doom of Tobacco Worms.

Nothing is more certain and satisfactory in destroying tobacco worms than Paris Green. But it is important that you use the best grade—the one that is strong and free from adulteration. There's a lot of difference in the quality of Paris Greens. Inert material is often used to add weight and increase profits.

Our Paris Green is guaranteed absolutely pure.

It contains more destructive power to the pound than is contained in ordinary Paris Greene. Ours is the best grade and goes farthest, but it costs no more than the ordinary kind.

BROKE EVEN.

The Y. M. C. A. Played Good Ball at Higginsport Last Saturday.

The Y. M. C. A. base ball team that went to Higginsport on the Fourth played two hotly contested games. Slab artist Jacobs did well in the morning game. One wild throw gave the Higginsporters their two scores. Score by innings:

	1	2	3	4	5	6	7	8	9	R.	H.
Maysville.....	0	0	0	1	0	0	0	0	0	1	8
Higginsport.....	2	0	0	0	0	0	0	0	0	2	8

When the afternoon game was called Yarnall took the pitchers' box. The game was won after an exciting finish, and our "Bill's" cap stayed on. The Higginsporters have not seen Yarnall at his best yet. All the boys did well, in fact much better than could be expected under the existing circumstances. The Higginsport team treated the boys quite well. Let us show them some of Maysville's good qualities and goose-egg producing power when they visit our city. Score by innings:

	1	2	3	4	5	6	7	8	9	R.	H.
Maysville.....	1	4	1	1	0	1	0	0	0	8	14
Higginsport.....	2	0	0	0	0	1	0	4	0	7	13

All members of the local team are requested to report for practice Tuesday afternoon at 4 o'clock.

Removal Sale Handkerchiefs.

June is a dull month for handkerchief selling, generally. That's why we galvanized it into almost holiday activity by Removal Sale prices which will continue through July.

The most important point to remember is that these handkerchiefs, in spite of their very low prices, are strictly pure linen, with hand drawn, not punched, hemstitching.

FOR WOMEN—80c. half dozen, embroidered or lace edge. Worth 20c. each.

50c. half dozen, ¼ or ½ inch hemstitched hems. Worth 12½c. each.

FOR MEN—80c. half dozen. Narrow or medium hem, excellent quality linen. Worth 20c. each.

For 25c. each, very fine linen with beautiful hemstitched edge. Until Removal Sale always marked 39c.

Echoes From the Fourth!

We will not tell how many mistakes were made nor how many accidents happened on the Fourth of July, but ask you to remember to:

Praise the power that hath made and preserved us as a nation. Then conquer we must, when our cause it is just, And this be our motto, "In God is our trust!" "And the star-spangled banner in triumph shall wave, O'er the land of the free and the home of the brave."

You may have burned yourself by the use of powder on our "Natal Day," but you will not get "burnt" if you come to me to buy a farm. I have some delightful homes for sale cheap.

COMFORTING WORDS.

Many a Maysville Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Maysville readers.

Mr. M. L. Spencer, grocer of Forest avenue, says: "For many years I was greatly troubled from the lack of proper action of the kidneys. I feared the incipient stage of diabetes; and learning about Doan's Kidney Pills sold at J. Jas. Wood & Son's drug store, I procured a box. The benefit derived from its use warranted me continuing the treatment. The results obtained in the cases of others I know as well as in my own is a guarantee of the great value of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Mrs. George Schroeder had the misfortune to bruise one of her hands Saturday by a window falling on it. The injury was painful, but not serious.

FATAL SHOOTING.

Ollie Wren, Colored, Killed Saturday at Noon at the L. and N. Depot by Elsie Owens.

Ollie Wren and Elsie Owens, negroes, each aged about thirty, came in Saturday from "Kinktown" near Lewisburg to celebrate the Fourth. During the forenoon the two had some difficulty on Market street over a glass of beer. Owens left and going to the L. and N. depot got a pistol from Clay Commodore, a negro who lives at Sardis or Germantown.

About 12:30 Wren reached the depot, and while standing near the baggage car at the east end of the building was approached by Owens, who, it is claimed, remarked, "I've been wanting to get you for some time," and began shooting. Before Wren could get his pistol into action, he was shot two or three times, either wound being fatal. In his dazed condition he fired twice at Owens and then ran around the building, Owens in the mean time emptying his pistol at his victim.

Wren fell on the pavement at the hall entrance to Mr. Thomas Guilfoyle's on Bridge street, and died in a few minutes. He was shot near the right nipple, in the right temple, also a little below and behind the right ear and twice in the back.

Owens was not injured. He fled out the railroad, but was captured an hour or two later near the Taylor's Mill pike crossing by Policeman Pollitt.

Shortly after the shooting Chief of Police Donovan arrested Commodore, and jailed him as accessory to the shooting. Commodore denied giving the pistol to Owens, and said he didn't know him, but later acknowledged he had furnished Owens with the weapon. It was a .32 calibre.

Coroner Wood will hold an inquest at 10:30 to-day, and the examining trial will take place later before Judge Newell.

It is said Wren is the second or third man Owens has shot.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow
fire, which it needs, and your roast over a quick fire, and both at
the same time. How can you do this anyother way than with a
GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so
much value for the same money. During the month of June the
Gas Company will, if so desired, make a written agreement with
any purchaser of a Gas Range to the effect, that, if on the first day
of August, said purchaser shall have become dissatisfied with the
use of their Range, either for the reason that it will not do the
work as represented, or that it costs too much to operate, then the
Gas Company will take back the stove and refund any money paid
upon its purchase price. The only thing to prevent you taking ad-
vantage of this offer is that the Ranges are sold quicker than they
can be connected up, so if you are thinking of buying one, now is
the time to decide. Over twenty installed during May and not a
single complaint. For further particulars see the Gas Company
and sample Ranges at Langfels & Co.'s.

NOW IS THE TIME TO GET
